We called RJI Professionals after a storm came through and blew off some of our shingles. We thought it may be a repair job, but a representative from RJI Professionals came out and explained the process. They worked with our insurance company and we ended up getting our whole house and detached garage reroofed and ended up with the best looking roof on the block. Great job, excellent quality and phenomenal customer service. Thanks again RJI Professionals! We will call your company if we have any more storms.

Kelly & Jesse

The roof looks great!! The guys did a great job cleaning up. Man, they are hard workers!

Mike

Thanks for the follow-up. My roof looks AWESOME!! I am very happy with it. The roofers were clean, self efficient and timely. I would definately recommend RJI Professionals to anyone I meet.

Cheryl
Dear Homeowner,

We know you're tired of roofing companies knocking on your door, but it is important to us at RJI Professionals that your property is properly restored.

I am a trained field supervisor for RJI Professionals. My job is to determine the extent of your damage, work with your insurance company on the scope of work and price and finally supervise a crew to complete the work.

Hail and wind damage can occur and often you the homeowner are not aware of the impact of that damage. Missing shingles on your roof is an obvious sign, but there can also be more serious damage which might be less visible. Shingle seals can be broken, siding compromised as well as destruction or loss of gutters. Significant damage can also be done by wind driven rain. In other words, you could have damage to your roofing, siding, gutters or windows that an untrained eye would not notice.

RJI Professionals is a valued member of the Minnesota business and construction community and a licensed provider for all your roofing, siding, gutter and window construction needs.

651-674-5158

Call anytime including evenings and weekends!

Thank you again and please support your local roofing professionals.

Sincerely,

RJI Professionals, Inc.

Fully Licensed and Insured

UNDERSTANDING WARRANTIES:

More Asphalt is important as it helps hold the granules to the shingle. Granules protect the asphalt and allow the shingle to die a slow death.

Six Nails per shingle for the same 130 mph warranty as CT offers. That's 50% more nails and 50% more time for the installed!

We have had ZERO warranty complaints on Landmark Shingles in over 10 years of sales.

ENHANCED CT WARRANTIES

Roofs...Renovations...Relationships

LANDMARK "BEST BUY" As ranked by a leading Consumer Magazine.
1. There will be a truck unloading materials for repairs to your property soon.
2. Be prepared for the noise associated with construction. There will be constant hammering for the duration of the project. You may want to plan some time away from your house while the job is in progress.
3. Please keep children and pets away from the work area.
4. Remove all items from around your house such as patio and pool furniture, potted plants, gardening equipment and grills, because roofing debris or bundles of shingles may fall.
5. Remove all loose items from shelving and walls, such as pictures, mirrors, plates, figurines, etc. Hammering may create vibration that could shake these items off the shelves and walls.
6. We will need access to your driveway to load debris and do cleanup work. Please park your cars, motorcycles, bicycles, boats, etc. away from the driveway.
7. Occasionally, power tools are needed to cut decking, install power vents, etc. If an outside power outlet is not available, a power source supplied the day of installation would be appreciated.
8. Nails that fall from the roof during the job will be picked up with a magnet nail roller. We will make every effort to pick up stray nails. Please be advised that a few hidden nails in the grass or shrubbery may remain.
9. We try to take every precaution to protect your flowers, plants, trees and shrubs. However, please understand at times due to the layout of the landscaping or if the roof is very steep, some leaves or blooms may be knocked off from falling debris.
10. Precautions are also taken to prevent gutter damage. However, there are instances when damage is unavoidable, especially on a very steep roof or a roof that is completely surrounded by gutters. Your homeowner’s insurance should cover any damage.
11. For each day it rains, work on your home will be delayed. RJI Professionals crews are instructed not to tear off more than they can replace in one day, so that your home is not exposed to inclement weather.
12. RJI Professionals will make every effort to assure that this project runs smoothly with the least amount of inconvenience for you and your family.

We thank you in advance for your patience and understanding!

What to expect

Roofting - Siding - Gutters - Windows

Why RJI Professionals?

GREAT REASONS TO DO BUSINESS WITH RJI PROFESSIONALS

1. RJI Professionals was here before the hail and wind and will be here after the damage is repaired.
2. RJI Professionals will be here for the duration of your warranty.
3. RJI Professionals is a valued member of the Twin Cities business and construction community.
4. RJI Professionals is licensed and insured.
5. RJI Professionals many times does not require a down payment. Therefore, NO RISK!
6. RJI Professionals has trained field supervisors that will professionally help you every step of the way.
7. RJI Professionals has professional crews that are experienced skilled craftsmen.
8. RJI Professionals only uses the highest quality construction materials available.
9. RJI Professionals roofing jobs are typically started within 15 days of contracting and are completed within 1 to 2 days.
There's a variety of products in the industry that we're able to offer you that do just that. This credential represents the highest standards in the shingle roofing industry.

Only a SELECT ShingleMaster can offer CertainTeed’s strongest warranty

This SELECT ShingleMaster has earned CertainTeed’s most advanced credential which represents the highest standards in the shingle roofing industry. Their SELECT status elevates and differentiates RJI, Professionals, Inc. from almost all other roofing companies in their marketplace. That is why only SELECT ShingleMasters are authorized by CertainTeed to offer SureStart PLUS 5-STAR Coverage.

Only CertainTeed gives you the confidence of SureStart PLUS

RJI can offer this extensive coverage when a SELECT ShingleMaster installs an integrity Roof System because CertainTeed roofing products are produced with quality materials and advanced manufacturing methods to exacting standards of excellence. That means problems rarely occur. But should a defect arise during the SureSmart PLUS Coverage period, CertainTeed protects you with non-prorated payment for the following if required to repair or replace any defective CertainTeed roofing product:

- Materials and labor costs.
- Roof tear-off expenses.
- Disposal expenses (not included with 3-STAR Coverage).
- Roof tear-off expenses.

To sell your home.

- Unlike most warranties that limit the transfer period to five or ten years, SureStart PLUS gives you an extra advantage should you decide to sell your home.
- The wind warranty for lifetime shingles can be upgraded to 130 mph.
- By upgrading the wind warranty, you will worry less about your shingles being blown off by storms and high winds.

Not only does CertainTeed’s exclusive SureStart PLUS offer the best protection you can get over the long term, it expands your coverage even more. And only SureStart PLUS enhances your warranty coverage to give you more peace of mind.

Refer to the graph and example cost below. Here’s how SureStart PLUS extended warranty protection is different from any other coverage:
